1. COMMISSION GENERAL REGULATION 366

Other comments, including a dissenting viewpoint (different than the majority) or issue brought up during discussion

We voted 4-1 to oppose this action feeling there were more than enough opportunities for the non resident to apply in left over tags as everyone else.

2. COMMISSION REGULATION 07 – 10 Amendment #1

Recommendation

In Support X In Opposition _____

Other comments, including a dissenting viewpoint (different than the majority) or issue brought up during discussion

We voted 5-0 to support this action giving sportsmen more opportunity.

3. PETITION – Mr. Mark Carlton

Recommendation

In Support _____ In Opposition X

Other comments, including a dissenting viewpoint (different than the majority) or issue brought up during discussion

We voted 5-0 to oppose this action. Our board felt this could take away from several large bass tournaments that use this fishery, which in turn will cause an economic impact on Clark County and Nevada. Each professional tournament bring 300 boats which mean 600 sportsmen who buy fishing licenses, gas, food and hotel rooms into this area.

Our board never received a response and had no support material to discuss or comment on this item. Members from our Board expressed concern that it appears as if there is some hidden agenda in this item.

The ECWAB would request that the State Board of Wildlife Commissioners table this item until each County Board is provided support material, so that we can provide the Commission with our recommendation and public input.

Vote was 5-0 that we request this item be tabled.
