

## **NCABMW Recommendations for December 2011**

1. The CAB recommends that the following language is included: “fish may not be filleted before transport to nightly residence”
2. The CAB DOES NOT support the listing of the collared dove as an upland game bird. It DOES NOT recommend de-listing the red fox as a furbearer. It DOES support the language change as related to the possession, transport, import and export of wolfs.
4. NCABMW recommends that the first paragraph of section 2 to read as follows. “Except as otherwise provided in this section, it is unlawful for a person to set a trap, other than a box or cage trap, within 1000 yards of an occupied residence in a congested area and within 1000 feet of an occupied residence in a rural area in Washoe and Clark Counties.” We also recommend that 2b is removed.
