

**STATE OF NEVADA
BOARD OF WILDLIFE COMMISSIONERS**

**FISHING SEASONS
CR 09-09**

The Board of Wildlife Commissioners, under the authority of 501.181 of the Nevada Revised Statutes, does hereby adopt the following regulation for the management of the fisheries resource:

2010/2011 FISHING SEASONS
MARCH 1, 2010 THROUGH FEBRUARY 29, 2012

LIMITS

“Limit” means the maximum number of game fish that may be lawfully taken and reduced to possession by a person in one day. The limit includes fish caught in Nevada which have been processed or preserved and are stored at any location. Fish that are caught and immediately released back to the water alive are not considered to be reduced to possession or part of the limit.

A person shall not reduce game fish to possession if he already has the number of that fish in possession which equals or exceeds the limit of the water being fished.

General limits are listed by county as all waters, all lakes and reservoirs or all streams and rivers. Exceptions to general limits and special regulations are listed by individual water.
