(NEVADA'S LICENSE YEAR IS MARCH 1, 2008 THROUGH FEBRUARY 28, 2009)

Resident License and Permit Fees

Qualifications for Resident Licenses. For the purpose of issuing and using resident licenses or permits, a person is considered to be a resident of the state of Nevada if he is a citizen of, or is lawfully entitled to remain in the United States, and during the six months preceding his application to the Department for a license or permit, he was domiciled in this state; was physically present in this state except for temporary absences; and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province. A resident license or permit issued by this state is void if the person to whom it was issued establishes his domicile in, and obtains any privilege or entitlement conditional on residency from another state, country or province. A person who is not domiciled in Nevada but who is attending an institution of higher learning in this state as a full-time student is eligible for a resident license or permit if, during the six months preceding his application to the Department for a license or permit, he was physically present in Nevada except for temporary trips outside the state, and did not purchase or apply for any resident license, tag or permit to hunt, fish or trap in another state, country or province.
