Other comments, including a dissenting viewpoint (different than the majority) or issue brought up during discussion. **We were not in favor of this change, knowing the number of persons receiving 3 tags is minimal, we felt it was not in Nevada's best interest in keeping our ability to continue lion hunting . We felt this change gave more ammunition to those against lion hunting.**

Our agenda was based on the draft, on such the Legislative items were listed as Informational only not Action. The Commission Agenda has since changed and listed those items as Action. Our public was adamantly opposed to AB241 and AB362
