

## **NYE COUNTY ADVISORY BOARD TO MANAGE WILDLIFE**

### **RECOMMENDATIONS FOR THE MAY 2011 COMMISSION MEETING**

1. Heritage Projects – NCABMW recommends the approval of projects 12-01 through 12-16 and 12-18 through 12-23. We are also opposed to project numbers 12-17, 12-24, 12-25, 12-34 and N/A (Predator management, control and analysis, PMCA, by Wild West Predator Management Company. We feel that the monies from the Heritage fund should be spent on a diverse range of projects to benefit all wildlife. Not just predator control projects.
2. Commission Policy #10 – NCABMW recommends that the commission use the wording suggested by NBU contained in their letter dated May 3, 2011 to the Nevada Board of Wildlife Commissioners.
3. Commission Policy #28 – NCABMW adamantly opposes the adoption of Commission Policy #28.
4. NAC 503.540 – NCABMW recommends the approval of Fred Jackson's petition to amend NAC 503.540, approving the commercial take of crayfish from Lake Tahoe.

Kevin L. Strozzi

Chairman, NCABMW
