**SPECIAL ASSISTANCE PERMIT – No Fee  
 INSTRUCTIONS & APPLICATION**

**The permit applicant must submit proof with this application that they are disabled per NRS 501.181-(9) by having a licensed physician complete the certification portion of this application.**

NRS 501.181(9) LCB File 105-16 provides, in part, that a disabled hunter may designate a person to assist them in the “killing and retrieval of a wounded big game mammal”.

Generally, providing assistance to a hunter, trapper, or angler is not prohibited by Nevada hunting and fishing laws or regulations. Only when the assistance results in the person providing the assistance in actually taking the fish or game (e.g. aiming and firing the rifle, reeling in the fish, etc.) would the assistance violate state law or regulation.

Persons requiring assistance to kill and retrieve a big game mammal, due to a permanent physical disability may receive a Designated Licensed Assistant Permit, so that a designated person may legally provide the needed assistance (recognizing) that this form of assistance means the designated person is potentially taking the permit holder’s legal tag limit, returning the game, punching and attaching the tag.

The designated person providing assistance is obligated to follow NRS 501.181 and NAC 502.XXX. The designated licensed assistant must have a current Nevada hunting license which is not suspended, revoked, or restricted.

This permit application is not intended to be a complete statement of applicable laws or regulations. Please contact the Nevada Department of Wildlife if additional information is required.
