

**NEVADA DEPARTMENT OF WILDLIFE**  
**2016 – 2017 FURBEARER HARVEST QUESTIONNAIRE**

Any person who obtains a trapping license must complete and return a harvest questionnaire, regardless of whether or not they harvested any fur-bearing mammals. Failure to comply will result in suspension of trapping privileges for one year. NAC 503.160

*Any statement made on this questionnaire cannot be the basis for prosecution for any violation of Nevada's Fish and Game Laws.*

Name & Address:

Please Return Questionnaire to:  
NDOW/ Game Division  
6980 Sierra Center Parkway, Suite 120  
Reno, NV 89511

**DUE DATE**  
**May 31, 2017**

- Please complete this questionnaire and return it in the Department of Wildlife by due date.
- **IF YOU DID NOT HUNT OR TRAP FURBEARING MAMMALS, SIMPLY CHECK THE BOX BELOW.**

**I did not trap or hunt furbearing mammals during the past trapping season.**  
*You do not need to continue with this survey but must return the information anyway – Thank You.*

**IF YOU DID HUNT OR TRAP FURBEARING MAMMALS, EVEN IF UNSECCESFUL, PLEASE CONTINUE.**

Did you trap with a partner? Yes  No

Please list name(s) of trapping partner(s) \_\_\_\_\_

Are you the primary reporter of your activities or is your trapping partner?

- I am the primary reporter of trapping activities.
- My partner is the primary reporter of trapping activities.

---

**DEFINITIONS**

**TRAP LINE:** A series of traps put into one geographical area and generally checked in the course of a day. It may vary from a few sets to 100 or more. Two trap lines can be checked concurrently, that is a 1<sup>st</sup> trap line checked on Sundays and Wednesdays and a 2<sup>nd</sup> trap line checked on Saturdays and Tuesdays. Or different trap lines can be run consecutively, i. e. one operated in Nov. and the second run in Dec/Jan.

**TARGET SPECIES:** All of the following species are furbearer species in Nevada:

Beaver, Bobcat, Fox (Gray, Kit, Red), Mink, Muskrat, Otter.

Additionally, these species are commonly harvested and should be reported in harvest:

Coyote, Raccoon, Ring-tailed Cat, Skunk (Spotted, Striped), weasel (ermine).

**NON TARGET:** Any mammals or birds not listed as a target species above.

**NUMBER OF TRAPS IN TRAP LINE:** Trappers add and remove traps frequently in the normal course of any trap line. Number of traps therefore is an average number of traps used on a certain trap line.

**NUMBER OF DAYS RUN (duration):** Number of days that trap line was operated.

***BOBCAT DATA WAS COLLECTED AT TIME OF SEALING (except average price)***

Fill in the following blanks for each species you attempted to hunt.

<b>FURBEARERS SHOT</b>	<b>Species Harvested</b>	<b>Number Harvested</b>	<b>Location Harvested (Mountain Range)</b>	<b>County</b>

**TRAP LINE HARVEST**

<b>Average Number of Traps for this Line</b>			<b># of Days Run (duration)</b>	
<b>County of Operation</b>			<b>Location Harvested (range, valley, etc)</b>	
<b>TRAP LINE # 1</b>	<b>Species Harvested</b>		<b>Number Harvested</b>	
<b>REMARKS</b>				

<b>Average Number of Traps for this Line</b>			<b># of Days Run (duration)</b>	
<b>County of Operation</b>			<b>Location Harvested (range, valley, etc)</b>	
<b>TRAP LINE # 2</b>	<b>Species Harvested</b>		<b>Number Harvested</b>	
<b>REMARKS</b>				

<b>Average Number of Traps for this Line</b>			<b># of Days Run (duration)</b>	
<b>County of Operation</b>			<b>Location Harvested (range, valley, etc)</b>	
<b>TRAP LINE # 3</b>	<b>Species Harvested</b>		<b>Number Harvested</b>	
<b>REMARKS</b>				

Average Number of Traps for this Line			# of Days Run (duration)	
County of Operation			Location Harvested (range, valley, etc)	
<b>TRAP LINE # 4</b>	<b>Species Harvested</b>		<b>Number Harvested</b>	
<b>REMARKS</b>				

**BOBCAT TRAPPERS:** You have already provided bobcat harvest information; however, the Department is seeking some additional information to better manage furbearers.

Did you voluntarily release any bobcats during this season?      Yes  No

If yes;  
How many adults? \_\_\_\_\_ Reason(s) for release? \_\_\_\_\_

How many Juveniles? \_\_\_\_\_ Reason(s) for release? \_\_\_\_\_

**PRICES RECEIVED FOR FURS:** The following information is used only to provide the Department of average value for each species and determine the overall value of the statewide fur harvest.

*PLEASE INDICATE AMOUNT IN DOLLARS*

SPECIES	AVERAGE	# SOLD	SPECIES	AVERAGE	# SOLD
Gray Fox			Badger		
Kit Fox			Coyote		
Red Fox			Raccoon		
Beaver			Ring-Tailed Cat		
Bobcat			Spotted Skunk		
Mink			Striped Skunk		
Muskrat			Weasel		
Otter					

NON-TARGET SPECIES TRAPPED (Non-target is defined as an animal not normally trapped for its pelt and is not listed above)

SPECIES	NUMBER CAPTURED	NUMBER RELEASED UNHARMED	NUMBER RELEASED INJURED	NUMBER DEAD IN TRAP	NO. MILES FROM HUMAN DWELLING
Golden Eagles					
Bald Eagles					
Hawks					
Ravens					
Magpies					
Domestic Dog					
Domestic Cat					
Livestock					
Rabbits					
Game Animals (deer, etc)					
Mt. Lions					
Ducks					
Other _____					

Did you have any traps stolen *this* season? Yes  No  If yes how many? \_\_\_\_\_

Did you have any furbearers stolen *this* season? Yes  No

If yes:

Species \_\_\_\_\_ how many? \_\_\_\_\_

Species \_\_\_\_\_ how many? \_\_\_\_\_

Species \_\_\_\_\_ how many? \_\_\_\_\_

Species \_\_\_\_\_ how many? \_\_\_\_\_

**PLEASE RETURN THIS QUESTIONNAIRE BY May 31, 2017.**  
**THANK YOU Nevada Department of Wildlife**
