

**COMMISSION GENERAL**

**REGULATION 490**

**FIRST COME FIRST SERVE AND BONUS POINTS**

# WHAT DOES THIS REGULATION DO?

- Children younger than age 12 years can apply for a bonus point as long as they turn 12 before the commencement of the last season for the species for which they will apply
- Bonus points will be awarded one per season per license.
- Military members may have bonus points restored if they were deployed out of the country during the entirety of the respective 2 years
- If tags are returned by every member of a party, bonus points will be restored
- First Come First Serve

# YOUTH AGE REQUIREMENT CHANGE

- **Current NAC:** Children 12 years of age may apply to hunt or apply for bonus points only if they turn 12 before the first day of the **earliest** season for the species for which they are applying.
  - Emily turns 12 on September 1 and wants to apply for antlered mule deer rifle in Unit 021 (Season: Dec 21-Jan 1). In this scenario, the earliest season is August 10, Emily is not eligible to apply.
- **Future NAC:** Children under 12 years of age may apply for a bonus point if they turn 12 by the first day of the **latest** season.
  - Emily turns 12 on September 1 and wants to apply for antlered mule deer rifle in Unit 021 (Season: Dec 21-Jan 1). In this scenario, the latest season is December 11, Emily is eligible to apply.

2019 Hunter's Education course info showed that 201 kids took Hunter Education in 2019 with a DOB between 8/01/2007 and 12/31/2007

# REFINING LICENSE BONUS POINT REQUIREMENTS

- **Current NAC:** Regardless of the number of applications to obtain a tag or bonus point for a season submitted by a person, the Department shall not award the person more than one bonus point per season for each species or category of a species for which the person applied.
  - Tom purchased his license on June 1, 2019 in order to apply for the second draw. He is unsuccessful and gets a bonus point. Tom's license is still valid for the 2020 Big Game Draw and can receive a bonus point if he is unsuccessful. Tom just received 2 bonus points on the same license.
- **Future NAC:** Regardless of the number of applications to obtain a tag or bonus point for a season submitted by a person, the Department shall not award the person more than **one bonus point per season per hunting license for each species** or category of a species for which the person applied
  - If Tom purchases his license on June 1, 2019 and is unsuccessful and receives a bonus point, he will need to renew his license before the 2020 Big Game Draw.

# MILITARY BONUS POINTS

- **New NAC:** the Department will reinstate bonus points to an active member of the Armed Forces of the United States if the member shows proof they were mobilized, deployed, training, or stationed outside of the United States during the entirety of the respective 2 consecutive calendar years; and if the request is submitted to the Department not later than 1 year after the date of return.
  - Sargent Munoz has 9 Desert Bighorn Sheep Points before being stationed in Germany in 2018 and then was deployed for training in 2019. He was unable to submit big game applications during 2018 and 2019 and is currently subject to losing his points. With the new regulation the points may be reinstated.

# PARTY BONUS POINTS

- Current NAC: ...if the tag is received at least 1 business day before the opening day of the season for which the tag was issued, the Department:

(a) Shall, except as otherwise provided in subsection 2 of NAC 502.4225, treat the applicant, with respect to his or her eligibility to obtain a tag and to be awarded a bonus point, as if the tag had not been issued and the applicant was unsuccessful; and

(b) Shall not return any fee paid for the tag

- Colton submits a party application every year for himself, his brother Elijah, and his grandfather John who doesn't hunt. Colton has 2 bonus points, Elijah has 2 bonus points, and Grandpa John has 6 bonus points. As a party they have 10 bonus points divided by 3 party members, averaging 3.33 points. This rounds up to 4 bonus points each. They are successful in their draw, and John returns his tag and gets another bonus point. Colton and Elijah hunt and are successful. Next year, Colton and Elijah have 0 bonus points, while John has 7. Next year if they apply as the same party, **they will have an average of 3 points each even though they were successful the previous year.**
- 2018: 197 parties had a member return a tag
- 2019: 161 parties had a member return a tag

# PARTY BONUS POINTS CONT'D

- **New NAC:** If every tag awarded for antelope, bighorn sheep, mountain goat, black bear, turkey, deer, moose and elk awarded to the members of a party is returned for a reason other than the reasons set forth in subsection 1 or 2, and every such tag is received at least 1 business day before the opening day of the season for which the tags were issued, the Department:
  - (a) Shall treat each applicant in the party, with respect to his or her eligibility to obtain a tag or be awarded a bonus point, as if the tag had not been issued and the applicant was unsuccessful.
  - (b) Shall not return any fee paid for such tags.
- Colton submits a party application every year for himself, his brother Elijah, and his grandfather John who doesn't hunt. Colton has 2 bonus points, Elijah has 2 bonus points, and Grandpa John has 6 bonus points. As a party they have 10 bonus points divided by 3 party members, averaging 3.33 points. This rounds up to 4 bonus points each. They are successful in their draw, and John returns his tag. Grandpa John gets no bonus points unless Colton and Elijah return their tags as well.
  - Colton and Elijah decide to hunt on their tag: Next year, Colton, Elijah and John have 0 bonus points.
  - Colton and Elijah decide to return their tags as well: Next year, Colton and Elijah have 3 bonus points and John has 7

# FIRST COME FIRST SERVE

- Current NAC: ...Department shall, if more than 14 **business** days or more remain until the opening day for the hunt, select an eligible applicant from the alternate list for the hunt and season who:
  - (a) Has the drawing number with the highest priority; and
  - (b) Has indicated as his or her first choice the area and season for which the quota is being filled.
    - Lynne's sheep tag opens on August 15, but her boss told her she needed to work during the entirety of her season. She returns her tag on August 13. This tag will not be reissued to anyone on the alternate list because it was returned less than 14 business days before the hunt began.

# FIRST COME FIRST SERVE CONT'D

- **New NAC:** ...the Department shall, if 14 **calendar** days or more remain until the opening day for the hunt, select an eligible applicant from the alternate list for the hunt and season who:
  - (a) Has the drawing number with the highest priority; and
  - (b) Has indicated as his or her first choice the area and season for which the quota is being filled.
- The Department shall provide all eligible hunters with an opportunity to apply electronically for any tags that are:
  - (a) Remaining after the computerized drawing and alternate list, the Department shall provide all eligible hunters with an opportunity to apply for any remaining tags electronically; or
  - (b) Returned 14 calendar days or less before the opening day for that season.

The Department shall act upon applications for those such tags in the order received.
- If an application for a tag described in subsection 1 is successfully drawn, the Department will collect applicable fees and charge for a license if the applicant does not already have one.
- Ron returned his antlered deer tag with an October 5 start date on September 23. This tag cannot be reissued to the alternate list because it was returned within 14 days of the start. Ron's returned tag will be posted to the license vendor's website for whomever claims the tag first.
