MEMORANDUM

September 23, 2016

To: Nevada Board of Wildlife Commissioners, County Advisory Boards to Manage Wildlife, and Interested Publics

From: Tyler Turnipseed, Chief Game Warden

Title: Commission General Regulation 467, Special Assistance Permit, LCB File No. R105-16 – Workshop/Public Comment Allowed

Description: The Nevada Board of Wildlife Commissioners will consider an addition to Nevada Administrative Code (NAC) prescribing the circumstances under which a person may assist a person with certain disabilities in hunting a big game mammal for which the person with a disability has obtained a tag.

Presenter: Chief Game Warden Tyler Turnipseed

Agenda No: 16

CGR 467: Special Assistance Permit: Possession of a permit and requirements for accompaniment and assistance to disabled hunters.

This proposed addition to NAC 502 has eight separate sections. Sections 1 through 5 are new additions and sections 6 through 8 are amendments to existing NAC.

Section 1 delineates that Chapter 502 of NAC will be amended to include this regulation.

Section 2 defines a designated licensed assistant and section 3 defines that a person issued a special assistance permit is someone who meets the requirements of section 4 of this regulation.

The first part of section 4 details under what conditions a tag holder may be issued a special assistance permit, which includes: having a tag for a big game mammal, is paraplegic or has one or both legs amputated, or has suffered paralysis of one or both legs which severely impedes the holders walking.

The second part of section 4 covers what information is required on the special assistance permit. This details the application process by which the disabled hunter may apply for a special assistance permit. The applicant must have a certificate issued by a licensed physician certifying that the applicant has a permanent disability. A statement from both the applicant and the designated licensed assistant would need to be included as well, affirming eligibility for both.

The third part of section 4 states that the disabled hunter who has more than one tag must complete a separate application for each tag if desiring a designated licensed assistant for each tag. Also, the disabled hunter is not required to use the same assistant for each tag.

During the August 2016 Commission meeting the Nevada Board of Wildlife Commissioners discussed the potential for more than one person being listed on the special assistance permit. The Department recommends inserting language in section 4 that allows the special assistance permit to list one primary designated licensed assistant and two alternates. Only one person may act in the capacity of a designated licensed assistant in the field at a time.

The fourth part of section 4 details the requirements to be a disabled licensed assistant. They must be 18 years or older, hold a valid Nevada hunting license, and have no revocations or suspensions per title 45 of Nevada Revised Statutes (NRS).

Additionally, there is no charge for the permit.

Section 5 states that all persons listed on the permit must have a copy of the permit in their possession while in the field acting under the provisions of the permit. It also lists the requirements and permitted actions of the designated licensed assistant. Also, the designated licensed assistant must be accompanied at all times during the hunt by the disabled tag holder who has a special assistance permit.

For purposes of title 45 of NRS, any big game mammal harvested pursuant to this section, the holder of the special assistance permit will be deemed the person who killed or harvested the big game mammal.

Finally, each holder of a special assistance permit and each designated licensed assistant are subject to all applicable laws and regulations related to this hunt and both must present the permit to any law enforcement officer upon request.

meeting.

**PROPOSED REGULATION OF THE
BOARD OF WILDLIFE COMMISSIONERS**

LCB File No. R105-16

July 14, 2016

EXPLANATION – Matter in *italics* is new; matter in brackets [omitted material] is material to be omitted.

AUTHORITY: §§1-5, NRS 501.181; §§6-8, NRS 501.181 and 502.160.

A REGULATION relating to hunting; authorizing certain persons with disabilities to apply for the issuance of a special assistance permit; authorizing a designated licensed assistant to provide assistance to the holder of a special assistance permit in hunting a big game mammal under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Board of Wildlife Commissioners to adopt regulations prescribing the circumstances under which a person may assist a person with certain disabilities in hunting a big game mammal for which the person with a disability has obtained a tag. (NRS 501.181) **Section 4** of this regulation sets forth the manner in which a person with a qualifying disability who holds a tag to hunt a big game mammal may obtain a special assistance permit which names a designated licensed assistant. **Section 4** also sets forth the required qualifications for the person with a disability and the designated licensed assistant. Such an assistant must be at least 18 years of age and must hold a valid hunting license. **Section 5** of this regulation requires the holder of a special assistance permit to stay in close proximity to his or her designated licensed assistant and authorizes the holder to discharge a weapon from a motor vehicle under certain circumstances. **Section 5** also provides that: (1) the assistant is not required to hold a tag for the big game mammal which the person with a disability is authorized to hunt; (2) the assistant is prohibited from using a weapon other than the weapon authorized by the tag; and (3) the person with a disability and the assistant are subject to all other applicable laws and regulations governing the hunt. Finally, **section 5** authorizes the assistant to assist the person with a disability in the field by: (1) validating the tag which authorizes the taking of the big game mammal and attaching that tag to the carcass; (2) retrieving the big game mammal; and (3) if the assistant has a good faith belief that the person with a disability has lawfully wounded a big game mammal, discharging his or her weapon to assist in the taking of the big game mammal.

Section 1. Chapter 502 of NAC is hereby amended by adding thereto the provisions set forth as section 2 to 5, inclusive, of this regulation.

Sec. 2. *“Designated licensed assistant” means a person designated on a special assistance permit to assist the holder of the permit in accordance with sections 2 to 5, inclusive, of this regulation.*

Sec. 3. *“Special assistance permit” means a permit issued by the Department to a person who meets the requirements of section 4 of this regulation.*

Sec. 4. 1. *The holder of a tag issued by the Department authorizing the holder to hunt a big game mammal may apply for a special assistance permit authorizing a designated licensed assistant to assist the holder in accordance with section 5 of this regulation if the holder:*

(a) Is a paraplegic;
