Final Agenda**

Lyon County Administrative Complex  
27 S. Main Street  
Yerington, NV 89447

Public comment will be taken on every action item and regulation workshop item after discussion but before action on each item, and at the end of each day's meeting. Public comment is limited to three minutes per person. The chairman, in his discretion, may allow persons representing groups to speak for six minutes. Persons may not allocate unused time to other speakers. Persons are invited to submit written comments on items or attend and make comment during the meeting and are asked to complete a speaker card and present it to the Recording Secretary. To ensure the public has notice of all matters the Commission will consider, Commissioners may choose not to respond to public comments in order to avoid the appearance of deliberation on topics not listed for action on the agenda.

Forum restrictions and orderly business: The viewpoint of a speaker will not be restricted, but reasonable restrictions may be imposed upon the time, place and manner of speech.

Irrelevant and unduly repetitious statements and personal attacks that antagonize or incite others are examples of public comment that may be reasonably limited.

Please provide the Board of Wildlife Commissioners ("Commission") with the complete electronic or written copies of testimony and visual presentations to include as exhibits with the minutes. Minutes of the meeting will be produced in summary format.

- 20 **Commission General Regulations – Workshop/Informational – Public Comment Allowed – Persons Wishing to Provide Comment on Regulations are Requested to Complete a Regulation Speaker’s Card and Present it to the Recording Secretary**

- A\* **Commission General Regulation 456, Special Incentive Elk Arbitration Panel, LCB File No. R031-15 – Game Division Administrator Brian F. Wakeling – Workshop/Public Comment Allowed**

The Commission will hold a workshop on the temporary regulation which expired Nov. 1, 2015, relating to amending Nevada Administrative Code (NAC) 502.42283 by which the Commission may facilitate decisions by appointing or serving as the arbitration panel should arbitration of elk incentive tag awards become necessary.

During adoption of the permanent NAC, the Legislative Counsel Bureau (LCB) and the Legislative Commission have questioned specific language choices recommended by the Department that directly influence the application of the Administrative Procedures Act (APA). The primary concern expressed by the Legislative Commission deals with the ability of an arbitration panel to issue a final and binding decision without providing a means for appeal. In short, an appointed panel may be able to provide such a decision, yet when the Commission acts in this capacity it may be deemed an administrative act that must be consistent with the provisions of the APA. The attempts by the Department to recommend acceptable language to adequately describe this nuance have thus far been unclear.

**B\* Commission General Regulation 460, Definition of "Spike Elk," LCB File No. R013-16 – Game Division Administrator Brian F. Wakeling – Workshop/Public Comment Allowed**

The Commission will consider amending NAC 502.104 and 502.1045 to define "Spike Elk" in a manner that limits inadvertent errors in the field. The intent is to consider and possibly broaden the definition of spike in a manner that is consistent with the management objective of defining a spike while reducing the likelihood of errors in harvest identification.

**C\* Commission General Regulation 458, Electronic Rifle Triggers, Caliber and Cartridge Length, and Smokeless Powder Restrictions, LCB File No. R144-15 – Chief Game Warden Tyler Turnipseed – Workshop/Public Comment Allowed**

The Commission will hold a second workshop to consider a regulation relating to amending Chapter 503 of the Nevada Administrative Code. The proposed regulation amendment contains two changes. The first change will clarify the use of black powder substitutes that are considered smokeless powder. The second change would make it unlawful to hunt a big game mammal with a rifle using a centerfire cartridge of caliber .46 or larger or an overall loaded cartridge length of 3.8 inches or longer. The amendment would also make it unlawful to hunt a big game mammal with any firearm equipped with an electronic or computer-controlled trigger.

A workshop was held in Las Vegas on January 29, 2016. The Commission directed the Department to hold a second workshop to consider additional changes, including: changing the term "big game mammal" to "any game animal" and either adjusting the "overall loaded cartridge length" to something that wouldn't impact custom reloads for popular hunting cartridges or changing the terminology to account for casing length rather than overall loaded length. Additional information was requested to show which rifles may be prohibited under either scenario.

**D\* Commission General Regulation 459, Unmanned Aerial Vehicles (Drones), LCB File No. R145-15 – Chief Game Warden Tyler Turnipseed – Workshop/Public Comment Allowed**

The Commission will hold a second workshop to consider a regulation relating to amending Chapters 501 and 503 of the Nevada Administrative Code. The proposed regulation amendment contains two changes. The first change would make the prohibition of using aerial devices for the purpose of hunting year-round rather than the current prohibition of 48-hours prior to any open season and during any open season. The second change is to clarify existing language that prohibits the use of unmanned aerial vehicles for the purpose of hunting, locating, or observing big game animals. The changes would extend aerial scouting prohibitions and clarify the existing regulation by explicitly listing unmanned aerial vehicles.

A workshop was held in Las Vegas on January 29, 2016. The Commission directed the Department to hold a second workshop to consider additional changes, including: changing the term "big game mammal" to "any game animal" and adding terminology to Section 2 to clarify that the regulation is specific to "real time" satellite imagery rather than commercially available imagery products such as Google Earth.

**E\* Commission General Regulation 440, Trail Cameras and Other Devices, LCB File No. R012-16 – Chief Game Warden Tyler Turnipseed – Workshop/Public Comment Allowed**

The Commission will hold a workshop to consider a regulation relating to amending Chapter 503 of the Nevada Administrative Code. The proposed regulation change is intended to restrict the use of motion and heat sensing cameras that are left for a period

of time, and not held in the hand. The proposed language would prohibit the use of trail cameras to locate or observe big game mammals for the purpose of hunting from August 1 to December 31. The Commission directed the Department to develop this regulation at the September 2013 meeting.

**21 Future Commission Meetings and Commission Committee Assignments – Secretary Wasley and Chairman Drew – For Possible Action**

The next Commission meeting is scheduled for May 13 and 14, 2016, in Reno and the Commission will review and discuss potential agenda items for that meeting. The Commission may change the date and meeting location at this time. The chairman may designate and adjust committee assignments and add or dissolve committees, as necessary at this time. Any anticipated committee meetings that may occur prior to the next Commission meeting may be discussed.

**22 Public Comment Period**
