

Brief Summary of Proposals Related to Visitation Frequency Discussed by the Trapping Committee

Proposals Related to Visitation Frequency	Humane Aspect	Conflict with Other Uses (i.e. Pets)	Trapper / Harvest Distributions	Previous Actions
24-hour Statewide Visitation	<p>Less time spent in a trap may reduce impact to trapped animal</p> <p>May increase total number of animals trapped</p>	<p>May reduce time spent in traps by unattended pets, but may not prevent pets (attended or not) from being caught</p> <p>May result in more use of traps designed to cause immediate death</p>	<p>May concentrate trappers and harvest to more accessible areas</p> <p>May increase conflicts around urban interface areas / easy access areas</p>	No Specific Committee Action (see below area-specific proposal)
24-hour Visitation per Trail Safe Map	Same as above within 24-hour visitation area	Same as above within 24-hour visitation area	<p>Same as above within 24-hour visitation area</p> <p>May encourage more trapping effort in areas with longer visitation</p>	No Specific Committee Action (see below area-specific proposal)
<p>Area-Specific Visitation Proposal - Robb:</p> <p>1-Calendar Day Visitation in:</p> <ol style="list-style-type: none"> 1. Robb Map for Wildlife Management Areas 02, 19, and 29 (Carson Front) 2. Robb Map for Wildlife Management Units 262, 263, 266, 268 and 286 (Clark County) <p>96-Hour Visitation across balance of State (Rural Counties)</p>	Same as above within 1-calendar day visitation area	Same as above within 1-calendar day visitation area	<p>Same as above within 1-calendar day visitation area</p> <p>May encourage more trapping effort in areas with longer trap visitation</p>	<p>Committee Vote at Reno Meeting (3-2) to Support Robb Map and 1-calendar day visitation for portions of Area 02, 19 and 29</p> <p>No Committee Action Specific to Clark County</p> <p>Committee Vote at Elko Meeting (3-2) to Support 96-hour visitation in 'rural' Wildlife Management Areas, excluding 02, 19, 29 and portions of 26 and 28</p>
Area Specific Visitation Proposal: 24-hour Visitation in all of Clark County	Same as above	Same as above	Same as above	No Specific Committee Action (see below area-specific proposal)
96-hour Statewide Visitation (Current Regulation)	<p>More time spent in a trap may increase impact to trapped animal</p> <p>May limit total number of animals trapped</p>	Conflicts under the existing structure have been documented	May allow for wider distribution of trappers to more remote areas away from urban interface, and reduce overall conflicts	No Specific Committee Action (see below area-specific proposal)
