The Wildlife Advisory Board passed an action which signifies that we appreciate the effort of the Department to explain the fee simplification and in concept we support this. However, the Carson City Wildlife Advisory Board was concerned about the program funding to the trout, upland game and duck stamp programs under this new system. Our Board wants to make sure that the programs have adequate support and funding with this new system if enacted.

3) Agenda item (description here) Nevada Department of Wildlife Update of Guidelines for Harvest Management in Nevada – Game Division Administrator Brian F. Wakeling – For Possible Action

The Department will provide an update on the status and process of refining the draft harvest guidelines for consideration by the Commission. The Department will provide a briefing on revisions since the September 2016 Commission Meeting. The Commission may provide the Department with direction regarding further development.**Recommendation**

The Carson City Wildlife Advisory Board discussed this item and felt that it would be good to see this item come forward in February when the Seasons are being discussed and that information be given in a manner which shows what the proposed changes are in relation to the previous seasons in a manner that allows comparison between the past seasons and past harvests and a description of what the change does to support sportsmen.

4) Agenda item (description here) Support of the Sportsmen’s Initiative sponsored by the Nevada Wildlife Collation.

Recommendation
