

# Nevada Hunter Information Sheet

## **PRONGHORN ANTELOPE** **Units 141, 143, 152, 154, 155**

**LOCATION:** These units are located in Lander and Eureka Counties.

**ELEVATION:** Elevations range from 10,187' at the top of the North Toiyabe Range to 4,533' at Battle Mountain.

**TERRAIN:** Most of the antelope are found in the valley bottoms or on the toe slopes of the mountains.

**VEGETATION:** The desert floors are generally covered with shadscale and budsage. The foothills are generally sagebrush/grass communities.

**LAND STATUS:** Most of the area is public land administered by the Bureau of Land Management and U.S. Forest Service.

**HUNTER ACCESS:** Access is good from all major roads. Four-wheel drive vehicles are necessary in some areas.

**MAP REFERENCES:** Topographical maps are available from the U.S. Geological Survey and the Battle Mountain District Office of the BLM. The 1:100,000 scale topographical maps that cover this area are: **Crescent Valley, Edwards Creek Valley, Fish Creek Mountain, Simpson Park Mountains, Summit Mountain and Winnemucca.**

**FACILITIES AND SERVICES:** Battle Mountain and Austin provide gas, food and lodging. A hospital is located in Battle Mountain. The USFS provides a fee campground at Bob Scott Summit on U.S. Highway 50 about six miles east of Austin. Camping is permitted throughout the area on public lands. Check with the land management agencies for any fire restrictions.

**RECOMMENDED HUNTING AREAS:** South Cortez Range, Grass Valley, Kobeh Valley, Crescent Valley.
