Residency Check

You must declare your residency to see the licenses and permits for which you are eligible.

Nevada Resident

"Resident" means any person who is a citizen of the United States; and maintained his or her primary residence in Nevada; and during the immediately preceding 6 months, has been physically present in Nevada, except for temporary trips outside of the state, to apply for any resident license, tag or permit to hunt, fish or hunt in any country or province. Based on this description, do you meet the definition of a Resident of Nevada?

Resident Senior

Based on the definition of Resident above, do you meet the definition of a Resident of Nevada for the immediately preceding 5 years AND are currently 65 years of age or older?

Non-Resident

If you do not meet the definition of Resident above, you are a Non-Resident

Detail Questions

Your name and contact information may be requested by third-parties, such as guides, taxidermists, market researchers, and other entities. How would you like the Department to respond to such requests?

Please keep my information private.

Please allow my information to be shared.
