**MEMORANDUM**

**December 29, 2021**

---

**To:** Nevada Board of Wildlife Commissioners, County Advisory Boards to Manage Wildlife, and Interested Publics

**From:** Mike Scott, Administrator, Game Division

**Title:** **Commission Regulation 22-08, 2022-2023 Mountain Lion Season and Harvest Limits – For Possible Action**

**Description:** The Commission will consider adopting 2022-2023 hunting season open units, harvest limits by unit group, hunting hours, and special regulations for Mountain Lions.

**Presenter:** Wildlife Staff Specialist Pat Jackson

---

Summary:

Nevada Administrative Code (NAC) 502.370 establishes mountain lion season dates beginning March 1 through the end of February of the succeeding year unless the harvest limit established by the Commission is met prior to that date. Because season dates are established in this NAC, this Commission Regulation (CR) does not address season dates.

The Department prepared the 2022-2023 mountain lion hunting season open units, harvest limits by unit group, hunting hours, and special regulations similar to those adopted by the Commission in for 2021-2022, with the exception of including Unit 091 into the combined harvest limit.

The proposed CR for mountain lions in 2022-2023 includes a combined harvest limit of 247 for the state, excluding closed units. The harvest limit considers harvest characteristics within unit groups developed through published, peer-refereed research to identify genetic population structures within Nevada. These published sources on genetic population structures indicate unit groups where genetic interchange is most frequent and further confirms that genetic interchange occurs among unit groups to a lesser extent. Harvest limits may be established for individual genetic populations in future years if harvest demographic data indicates that exploitation is excessive, and the management objective is to maintain mountain lion populations.

Examination of recent harvest data provides no indication that harvest levels are excessive. Females make up less than 50% of the total harvest take, whereas adult females comprise less than 35% of the total harvest.

Recommendation:

The Department recommends that the Commission **VOTE TO ADOPT COMMISSION REGULATION 22-08, 2022-2023 MOUNTAIN LION SEASONS AND HARVEST LIMITS AS PRESENTED.**
