Hello Cassandra. I have attached a draft of the meeting minutes for Eureka's CAB Meeting held on Thursday, April 27, 2023. Please be advised that the **Eureka CAB had no recommendations to submit** on the Big Game Quotas for the 2023-2024 Season. Please let me know if you would like me to send the County Wildlife Advisory Board Quota Action Report Form, although our Board had no recommendations.

Thank you,

035	Resident Any Legal Weapon 1331	Resident - Any Legal Weapon Hunt 1331, unit group 035 to remain at the same quota as 2022, 30 tags. This request is made with consideration being given to the declining ALW success percentage in unit group 035 (2020-2021, 43%; 2021-2022, 39%; 2022-2023 , 28%). Additionally, unit group 035 4-point or greater percent harvest has consistently lagged behind the statewide average over the last 3 years. It should be noted also that although we do not suspect that the low spring survey numbers are contributable to the harsh winter, it cannot be ruled out either. 2022-2023 spring survey was one of the lowest on record for unit group 035.

Quota Rationale

The population estimate this year is very similar to what we have seen in the last few years. We had a better than average fall survey and one of the lowest spring surveys on record. With the extreme winter many of the deer dropped real low making it difficult to locate in the valleys. This unit saw an average fawn loss this winter which may be due to the open valleys. This unit once again is targeting the post hunt objective of 30.
