MEMORANDUM:

May 12, 2022

To: Nevada Board of Wildlife Commissioners, County Advisory Boards to Manage Wildlife, and Interested Publics

From: Kailey Musso, Management Analyst 3, Director's Office

Title: **Commission General Regulation 507**

Description: Commission General Regulation 507 was recommended by the APRP Committee and will be up for adoption.

Summary:

Management Analyst Megan Manfredi will be presenting CGR 507 as I am unable to be there.

The Administrative Policies, Regulations and Procedures (APRP) Committee reviewed Commission Policy 4 and determined that some clarifications needed to be made to Nevada Administrative Code 501.195. Commission General Regulation 507 clarifies some portions of the NAC describing the petition process. At the workshop in May, the Commission decided to add the phrase "taking into consideration the legal authority of the Commission" to subsection 2.

Recommendation:

The Department recommends adopting CGR 507.

AUTHORITY: § 1, NRS 233B.100 and 501.181.

A REGULATION relating to wildlife; revising provisions relating to petitions submitted to the Board of Wildlife Commissioners to adopt, file, amend or repeal permanent regulations; revising the time period during which the Commission will notify the petitioner of whether the Commission will deny the petition or initiate regulation-making procedures; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes any interested person to petition a state agency requesting the adoption, filing, amendment or repeal of any regulation and requires each state agency to prescribe by regulation the form for such a petition and the procedure for its submission, consideration and disposition. (NRS 233B.100) Existing regulations prescribe the form and procedure to petition the Board of Wildlife Commissioners to adopt, file, amend or repeal a permanent regulation, other than a permanent regulation relating to the classification of wildlife or the designation of seasons for hunting, fishing and trapping. As soon as practicable after receiving a petition, but not later than 20 days after the date on which the petition was received by the Commission, the Department of Wildlife is required to: (1) review the petition to determine whether there is legal authority for the proposed adoption, filing, amendment or repeal of the permanent regulation; and (2) forward to the Commission the petition and the Department's recommendation whether to deny the petition or initiate regulation-making procedures. Existing regulations also require the Commission, within 30 days after a petition is submitted, to notify the petitioner in writing of its decision to deny the petition or initiate regulation-making procedures. (NAC 501.195)

This regulation: (1) further clarifies that when making a recommendation to the Commission whether to deny the petition or initiate regulation-making procedures, the Department will take into consideration the legal authority of the Commission; and (2) revises the time period the Commission will notify the petitioner in writing of its decision to deny the petition or initiate regulation-making procedures to provide that the deadline is either 30 days after the petition is submitted or as soon as the petition can be scheduled on an upcoming meeting agenda.
