MEMORANDUM

JANUARY 10, 2023

To: Nevada Board of Wildlife Commissioners, County Advisory Boards to Manage Wildlife, and Interested Publics

From: Mike Scott, Administrator, Game Division

Title: **Commission Regulation 23-04, 2023-24 and 2024-25 Big Game Seasons**

Purpose: The Commission will review, revise, and adopt the 2023-24 and 2024-25 hunting season dates for mule deer, pronghorn antelope, elk, bighorn sheep, and mountain goats, including limits, hunting hours, special hunt eligibility, animal sex, physical characteristics, and emergency depredation hunt structure.

Summary

This regulation will set the 2023-24 and 2024-25 hunting season dates for mule deer, pronghorn antelope, elk, bighorn sheep, and mountain goats, including limits, hunting hours, special hunt eligibility, animal sex, physical characteristics, and emergency depredation hunt structure.

Brief Explanation of the Proposed Regulation

The Department is presenting the proposed recommendations for mule deer, pronghorn antelope, elk, bighorn sheep, and mountain goat for the 2023-24 and 2024-25 hunting seasons. Proposed season changes are displayed in blue text. Black indicates no changes from the previous year. In general, proposed seasons are recommended to follow traditional season dates, to accommodate interstate herds or herds that occupy lands administered by the Department of Defense, to facilitate hunter access to seasonal movement of big game animals among administrative boundaries, to attempt to follow management plans, address non-resident seasons, or to facilitate varied success rates based on timing of seasons.

Specific Rationale for Season Changes

Pronghorn Antelope (pg. 1):

1. The Department is proposing to change the Antelope Horns-longer-than-ears Muzzleloader season dates in Units 041, 042, 043 - 046, 141, 143, 151 - 156, and 202, 204 to the earlier hunt structure of Aug. 15 to Aug. 21 to improve hunt success for muzzleloader hunters in late summer when antelope may be more concentrated. A commensurate change in the Archery

seasons would follow the Aug. 1 to Aug. 14 season dates in those units where muzzleloaders seasons were adjusted.

2. We are proposing to add an Antelope Any Legal Weapon Horns-shorter-than-ears hunt for Unit 115 with a restricted boundary of within 1 mile of Great Basin Ranch properties to help alleviate issues with crop depredation by antelope on those properties and provide hunting opportunity in a focused area.

Elk (pg. 6):

3. Several changes to seasons for spike-only elk and antlerless elk are proposed to further manage elk herds consistent with local subplans and Big Game Management Objectives (Comm. Appr., Jan. 2022).

4. The Department continues to be adaptive in our proposed response to complaints of elk depredation. To further protect crops in Unit 231, we are proposing a new depredation bull season that includes an antler point restriction. We are also closing the depredation season for antlerless elk in Unit 251 due to chronically low hunter success coupled with a lack of complaints regarding elk damage. Further, the Department is proposing changes to the total allowable quota for Private Lands Antlerless Elk Hunts and added responsibilities for landowners enrolled in this program.

5. We are closing seasons for antlerless elk in Unit 051 due to low hunter success. The Unit 051 elk herd is well below population objective and antlerless harvest is not needed to manage elk abundance.

6. Consistent with previous years, the Department is rotating archery hunts for antlered elk into the rut season structure (Sept. 17 to Sept. 30) for certain areas. Antlered hunts for this archery season during the rut are proposed in Units 161 - 164, 171 - 173 and 241, 242.

Bighorn Sheep and Mountain Goat (pg. 14):

7. Unit 161 – added ram archery hunt for a unique high elevation hunt experience, minor adjustments to early rifle ram and ewe seasons, and moved the late rifle hunt 1 month earlier to enhance access to mature rams prior to winter weather restricting access (this had been discussed for decades).

8. Split Unit 181 to ensure balance of ram harvest between Sand Springs Range and Fairview/Slate Mountain. This will also better support and respect Naval Air Station (NAS) efforts to continue to allow for bighorn hunter access as the NAS expansion process moves forward.

9. Add Unit 153 (Fish Creek Mountains) to Unit 183 desert bighorn hunt which is the northern extension of the Clan Alpine and Augusta Mountains; ram movement occurs across both units.

10. Consider 2 unit groups in southern Nevada for ram archery hunt that primarily involve bighorn use of natural water sources and not guzzlers.

11. For Unit 173 N (Toiyabe Range), due to persistent low hunter success and low average ram age resulting from tag applicants not realizing the unique hunt challenges (rams spend considerable time in high elevation wilderness and heavy tree cover), a management ram hunt was developed as a separate hunt category/once-in-a-lifetime hunt with a subquota and higher tag quota and cell/satellite phone communication notifying hunters when subquota is met.

12. Due to contracted California bighorn populations and movement among units, all northern Washoe County units are combined into a single unit group.

13. Due to lack of ram harvest even with a 7-month long season, Unit 114 is recommended to be closed.

14. With the continued recovery of Ruby Mountain's Rocky Mountain bighorn population and adequate mature rams, Unit 102 is recommended to be open.

15. With the statewide mountain goat tag quota exceeding 10 tags supported by increasing mountain goat populations, a nonresident mountain goat hunt for Unit 102 is recommended.

Junior Mule Deer (pg. 19):

16. The Department is proposing to make all Junior mule deer hunts *antlered only* in units where there is no corresponding Resident Antlerless Any Legal Weapon hunt (i.e., doe hunt). As currently proposed, this would include most hunt units for mule deer except for the following Unit Groups: 061, 062, 064, 066-068; 071 – 079, 091; and 101, 102, 109, which would remain *antlered* or *antlerless* for Junior hunters. This was a recommendation by the NDOW TAAHC committee and recently adopted in Commission Policy 24.

17. The Department is proposing to change Junior mule deer seasons in 041, 042 by extending the season from Oct. 5 to Nov. 5 to mimic the regular adult hunting season in this unit. This unit would fall under the *antlered only* category as proposed.

Mule Deer (pg. 21):

18. The Department is proposing to split out Unit 045 from the 043 - 046 Unit Group to help better manage buck to doe ratios in those units where a disparity in buck:doe ratios is typically observed. The split will result in a separate Unit Group for 043, 044, 046 and single Unit 045 and each will run from Oct. 5 to Nov. 5.

Recommendation

The Department recommends that the Commission review and adopt the proposed regulation as presented.

CR 23-04 2023-2024 and 2024-2025 BIG GAME HUNTING SEASONS

The Nevada Board of Wildlife Commissioners under the authority of sections 501.181, 502.140, 503.120, and 503.140 of the Nevada Revised Statutes, and 502.4205 of the Nevada Administrative Code, does hereby adopt the following regulation for the big game resource.

Note: The limit is one animal per tag and the hunting hours are one-half hour before sunrise to one-half hour after sunset for all big game hunts, unless otherwise specified.
