Other comments, including a dissenting viewpoint (different than the majority) or issue brought up during discussion:

**In a (6-0) vote, the Clark CABMW recommends accepting the changes to Commission General Regulation 90, Party Bonus Points and First Come First Serve, LCB File No. 103-19 with the following recommendations:**

- 1) **Before the implementation of “first come first serve OTC distribution method” that Kalkomey Enterprises LLC expand the alternate distribution list and allow people selected by the draw off that system to have a 24 hour short turnaround tag acceptance/refusal. Going to OTC first may cause some in the draw system to become**

**disenfranchised as OTC bypasses the draw/bonus point system and a premium tag like a sheep tag or late mule deer hunt could go to someone with no points.**

**2) If OTC is chosen as the preferred method how it is implemented is critically important so everyone has an equal chance to get one of those tags.**

**3) Request for up to 30 Pygmy Rabbits by the Washington Department of Fish and Wildlife.**

**Recommendation**

**In a unanimous (6-0) vote the Clark CABMW recommends NOT adopting Commission General Regulation 486, Veteran and Active Military Waterfowl Season, LCB File No. R027-19 as presented with the following recommendation:**

**We accept the language change to "MAY" rather than "will" so that the commission is not obligated to have a two day veteran's hunt. We opposed actually having a veteran's hunt but supported the language change in order to comply with the legislative directive.**

**5) Commission General Regulation 488, Landowner Compensation Tags, LCB File No. R083-19**
