

# County Wildlife Advisory Board Action Report Form

County: Clark

## Alternative Pronghorn Antelope Recommendation:

Unit Group	Weapon Class	Recommendation
Hunt 2181 115c	Any Legal Weapon	The 1 mile hunt unit boundaries for this hunt have been poorly defined on documentation from NDOW in the past. A better map with hunt boundaries tied to ranch landmarks is requested.

## Alternative Elk Recommendation:

Unit Group	Weapon Class	Recommendation
Hunt 4202 115c and 231	Any Legal Weapon	The 2 mile hunt unit boundaries maps for these hunts need tied clearly to ranch landmarks to make it easy for the hunter to know legal hunting areas is requested.
		An enhanced description with pictures/graphics of 5 points or less needs included in the 2023 hunt book.

## Alternative Bighorn Sheep Recommendation:

Unit Group	Weapon Class	Recommendation
Hunt 3161 267, 271 and 242	Archery	The Clark CABMW does not support the addition of these hunts. We recommend eliminating them.
Hunt 3172	Any Legal weapon	Typo on season "2024-2023" should be 2023-2024
Hunt 9151	Any Legal Weapon	Typo don't show 114 as deleted. Also needed better description of why no rams were harvested. Plenty of younger age class rams in the unit.

**Alternative Black Bear Recommendation:**

<b>Unit Group</b>	<b>Weapon Class</b>	<b>Recommendation</b>
All Hunt Groups	Any Legal Weapon	In the brief explanation of regulation changes the wording is very unclear. Is it :1) Once your hunt group closes due to quotas being met your hunt is over or 2) you can hunt the other hunt Unit Groups that are open??
