Other comments, including a dissenting viewpoint (different than the majority) or issue brought up during discussion:

**Deny the petition.**

**The proposal is a prelude to a Preference Point System. There should be no guarantee of tags. This leads to a tremendous “stack up” of bonus points in select units, creating even more demand from those who have attained multiple points. It will potentially lead to less recruitment from younger hunters who could become discouraged when they realize that drawing certain tags will take decades.**

**There will NEVER be enough good tags to meet demand.**

**Nevada has a very good hybrid bonus point system.**

**14) Agenda item :Support letter for potential NBWC Appointments.**

**Recommendation**

Other comments, including a dissenting viewpoint (different than the majority) or issue brought up during discussion:

**The Lincoln CAB strongly supports the re-appointment of Tiffany East to the NBWC. A letter will be sent to Governor Sisolak.**
