## MEMORANDUM

February 16, 2024

**To:** Nevada Board of Wildlife Commissioners, County Advisory Boards to Manage Wildlife, and Interested Publics

**From:** Russell Woolstenhulme, Staff Specialist, Game Division

**Title:** **Commission Regulation 24-10, Migratory Game Bird Seasons, Bag Limits, and Special Regulations for Waterfowl and Webless Migratory Game Birds; Public hunting limited on Wildlife Management Areas and Designated State Lands – 2024–2025 Season – For Possible Action**

**Description:** The Commission will consider recommendations for seasons, bag limits, and special regulations for migratory game birds for the 2024–2025 season and adopt regulations consistent with the proposed regulations framework for the 2024–2025 hunting seasons on certain migratory game birds established by the U.S. Fish and Wildlife Service. The Commission Regulation will become final pending adoption of federal frameworks. The Commission will also consider rules regulating public hunting on Wildlife Management Areas and designated state lands.

**Presenter:** Wildlife Staff Specialist Russell Woolstenhulme

---

Season regulations for hunting migratory waterfowl, doves, and crows differ from some other common species, like mule deer, that are not governed by the Migratory Bird Treaty Act. The U.S. Fish and Wildlife Service works with the states within designated flyways, and Nevada resides within the Pacific Flyway. Collectively, the Pacific Flyway develops regulatory sideboards known as the Federal Frameworks within which each state may promulgate seasons for hunting. Although the Federal Frameworks are generally established by the time the Commission acts on the Migratory Game Bird Commission Regulation, the federal government suffered delays this year and the proposed frameworks are still draft. Should the final approved frameworks require amendment to this CR, the Department will bring this CR back to the Commission before seasons are published.

The Department is recommending changes to waterfowl and migratory bird seasons from those adopted by the Commission last year in March. The Department recommends the Commission adopt an increase in Nevada Swan Permits from 650 annually to 750 annually beginning in the 2024-2025 season.

*Continental and Flyway Conditions*

Continent-wide, waterfowl abundance is similar to last year. The total 2023 duck population estimate (excluding scoters, eiders, long-tailed ducks, mergansers, and wood ducks) was 32.3 million birds. This population estimate is 7% lower than the 2022 estimate of 34.7 million and was 9% lower than the long-term average of 35.5 million ducks. Mallard, and widgeon were below long-term average. Canvasback and green-winged teal were near long-term averages while redhead was above the long-term average. Most duck species remain in the liberal season package. Greater and lesser scaup were below their long-term average abundance and remain in a standard season package (86 days).

Western Canada Geese numbers continue to increase and are currently over population objectives. Pacific Greater White-fronted Geese and Western Canadian Arctic Snow Geese are above, but near long-term averages.

Most waterfowl from the Pacific Flyway nest north of Nevada. Nearly all U.S. prairies experienced below average precipitation during the 2022-2023 winter. Pond estimates throughout the prairie pothole region were 9% lower than the previous year.

The predicted abundance of mourning doves for September 2023 in the Western Management Unit were 26.2 million, which results in a standard regulatory alternative as prescribed by the harvest strategy.

*Nevada Habitat*

In Nevada, 2022-2023 winter precipitation and run-off was nearly 200% of normal across most of the northern part of the state. Most wetlands in northern Nevada including the Carson Sink area (Stillwater National Wildlife Refuge, Carson Lake Wildlife Management Area) entered the breeding season with residual waters. Carson Lake and Stillwater remain at flood stage levels. Lahontan Valley water allocations during the summer of 2023 were 100% of normal, with free flow water coming during early summer.

As of February 2024, year-to-date precipitation (Oct 1 – Feb 14) is slightly below average for Nevada. Lake Tahoe Basin precipitation stations were reported between 70 and 80% of normal. Walker River Basin stations ranged from 70 to 85% of Normal. Carson River Basin stations (including Lahontan Basin) were also reported at 70 to 85% of normal. Eastern Nevada (Ruby Marshes) stations were reported at 115 to 140% of normal. Many Nevada marshes have residual water. AS of February 1, reservoir storage at Lahontan Reservoir is at 74% of capacity. Rye Patch is currently at 37% of capacity. Both amounts are above the normal February 1 capacity.

Recommendation:

The Department recommends that the Commission **VOTE TO APPROVE CR 24-10 MIGRATORY GAME BIRD SEASONS, BAG LIMITS, AND SPECIAL REGULATIONS FOR WATERFOWL AND WEBLESS MIGRATORY GAME BIRDS; PUBLIC HUNTING LIMITED ON WILDLIFE MANAGEMENT AREAS AND DESIGNATED STATE LANDS - 2024–2025 SEASON AS PRESENTED.**

# **PUBLIC HUNTING LIMITED ON WILDLIFE MANAGEMENT AREAS AND DESIGNATED STATE LANDS**

## **ALKALI LAKE WILDLIFE MANAGEMENT AREA (WMA), ARGENTA WMA, BRUNEAU RIVER WMA, CARSON LAKE WMA, FERNLEY WMA, FRANKLIN LAKE WMA, HUMBOLDT WMA, SCRIPPS WMA, STEPTOE VALLEY WMA and WAYNE E. KIRCH WMA**

1. Hunting is allowed every day for wildlife species upon which there is an established open season

### **MASON VALLEY WMA**

1. Before or after any waterfowl season, hunting is allowed every day for wildlife species upon which there is an established open season.
2. During any waterfowl season open within the hunt zone, hunting is permitted only on:
  - a) Saturdays, Sundays and Wednesdays,
  - b) the following legal State holidays: Nevada Day, Veterans Day, Thanksgiving, Family Day (day after Thanksgiving), Christmas, New Year's Day, and Martin Luther King Day,
  - c) during any youth waterfowl hunt.
  - d) Hunters with a valid turkey tag for the Mason Valley WMA may hunt each day of the established turkey season.

### **FT. CHURCHILL COOLING POND COOPERATIVE WMA**

1. The Ft. Churchill Cooperative Cooling Pond Wildlife Cooperative WMA is closed year-round to all hunting.
2. From October 1, through the Friday preceding the second Saturday of February, the area shall be closed to trespass.

### **OVERTON WMA**

1. Before or after any waterfowl season, hunting is allowed every day for wildlife species upon which there is an established season.
2. Waterfowl hunting is permitted on the Moapa Valley portion of the area on:
  - a) the opening day of the earliest opening waterfowl season,
  - b) even days thereafter through the end of regular duck and goose seasons,
  - c) the final two days of the second duck and goose season, and
  - d) during any youth waterfowl hunt.
3. Upland game bird and rabbit hunting is prohibited during the regular duck and goose seasons, except for persons possessing a valid wild turkey tag to hunt turkeys in the Moapa Valley of Clark County. These persons may hunt turkeys every day for which the tag is valid. These persons are prohibited from pursuing any other upland game birds or rabbits during such time that the fall turkey season is concurrent with the waterfowl season.
4. During the waterfowl season on the Moapa Valley portion of the area, hunters must hunt from assigned hunt locations (blinds) constructed by the Department of Wildlife. A maximum of up to four hunters are permitted at each hunt location. Assigned hunt locations are marked by numbered stakes. Hunters shall hunt only within their assigned hunt location and moving to vacant locations is prohibited. The only exception involves reasonable accommodation of the disabled.
5. During the opening day and the first weekend of the dove season, the maximum capacity for the Moapa Valley portion of the area is 60 hunters by reservation. Vacancies will be filled by stand-by hunters on a first-come, first-served basis.
6. On Overton Hunt days, only persons authorized to hunt waterfowl may use vessels on the portion of the area inundated by Lake Mead.

### **KEY PITTMAN WMA**

1. Before or after any waterfowl season, hunting is allowed every day for wildlife species upon which there is an established season.
2. Waterfowl hunting is permitted on:
  - a) the opening weekend of the earliest opening waterfowl season within the hunt zone,
  - b) odd-numbered days thereafter through the end of regular duck and goose seasons,
  - c) the final two days of the second duck and goose season, and
  - d) during any youth waterfowl hunt.
3. The maximum hunter capacity during the opening day of duck season and the opening day of goose season will be 55 at any time.
4. All hunters will check-in and out at the main entrance and will park in designated parking areas only. No vehicles are allowed on the area during the hunting season.
5. The area is closed to fishing during the waterfowl season.
6. No motorized boats are allowed on the area during the waterfowl season.

### **OVERTON-KEY PITTMAN HUNTER RESERVATION SYSTEM**

1. To guarantee an opportunity to hunt, reservations must be made for the following specified days of each hunt listed:

#### The Key Pittman WMA

- a) The earliest opening day of the general duck and goose seasons.

#### The Moapa Valley portion of the Overton WMA

- a) Opening day and the first weekend of the dove season.
- b) The entirety of any open waterfowl season.

Special Regulation for the Moapa Valley Portion of the Overton WMA: A person or their representative applying for reservations for group hunting will be limited to up to four hunters per party.

2. Waterfowl Remainder of Season Reservation Process:

(Remainder of season reservation process is defined as that portion of the season following the opening day and weekend applications at Overton WMA and Key-Pittman WMA)

Reservations for the remainder of the waterfowl hunting season at the Overton WMA will be available the Monday prior to the opening of the waterfowl season and can be made by calling 1-855-542-6369 Monday through Friday 8:00 AM – 4:30 PM pacific time. Hunters that are successful during the Overton WMA Opening Day and Weekend application process must use those reservations before making reservations for the remainder of the season. An individual may reserve no more than one assigned hunt location on the Moapa Valley portion of the area for no more than four individuals to hunt as a party and this reservation must be utilized prior to reserving another hunt day. The reservations must be in the hunter's possession and be shown to the check station attendant to constitute a valid reservation for the day specified. At the Key Pittman WMA, reservations for hunting will be required only on the earliest opening day of the regular duck season and goose seasons. All hunters will check in at the main entrance on the opening day of waterfowl season. For the remainder of the waterfowl season, hunters will complete a reservation card obtained from the Frenchy Lake or Nesbitt Lake check station box and deposit the card in an appropriate drop box for each day hunted. Failure to turn in a completed card at the Key Pittman WMA or failure to check out at the Overton WMA may result in a citation being issued, and the loss of hunting privileges for the remainder of the season. No vehicles are allowed on the areas during the hunting season.

3. During the waterfowl season at the Overton WMA, an assigned hunt location program will be in effect. Hunters will make a reservation for one of three types of hunt locations (field, pond or bulrush plot) and the specific hunt location will be determined by a drawing at the check station prior to each day's hunt.

NDOW reserves the right to adjust blind availability and blind assignments based on the conditions present on the day of the hunt.

4. A hunter with a reservation will be considered as a "no-show" if they do not present themselves at the check station by one full hour before shooting time, except that at the Overton WMA, a hunter with a reservation will be considered a "no-show" if they do not present themselves at the checking station one and one-half hours before shooting time during the waterfowl season.
5. Standby hunters must register at the check station upon arrival.
6. All reservations, permits and assigned hunting locations are nontransferable.
