**MEMORANDUM:**

**MAY 4, 2024**

**To:** Nevada Board of Wildlife Commissioners, County Advisory Boards to Manage Wildlife, and Interested Publics

**From:** Mark Freese, Administrator, Habitat Division

**Title:** **Commission General Regulation 500, Subdivision Review Program**

**Purpose:** The Commission will review and possibly adopt new proposed language to NAC 278 on wildlife review of tentative subdivision maps.

**Summary**

This is draft language for a new regulation to be added to Nevada Administrative Code (NAC) Chapter 278. New draft language includes definitions for "Infill development," "Substantially vacant," and "Vacant" relative to subdivision development. Draft language also includes direction for the collection of fees for conducting review of tentative subdivision maps relative to wildlife and/or habitat resources with potential to be impacted, pursuant to Nevada Revised Statutes 278.337. Current draft was developed in coordination with LCB and incorporates new revision from LCB in Section 6 subsection 7.

**Brief Explanation of the Proposed Regulation**

Existing law sets forth an approval process for a subdivision of land, requiring the subdivider of the land to submit a tentative map to the planning commission or governing body of a county or city, as applicable, and requires the tentative map to be forwarded to certain state agencies and local governments for review, including the Nevada Department of Wildlife ("Department"). Existing law also authorizes the Nevada Board of Wildlife Commissioners to establish reasonable fees and procedures for the review of a tentative map (NRS 278.335, 278.337). This regulation sets forth procedures and requirements for the review of a tentative map by the Department.

**Recommendation**

The Department recommends that the Commission review and determine whether to finalize and adopt the language.

**Legislative Counsel’s Digest:**

Existing law sets forth an approval process for a subdivision of land that requires the subdivider of the land to submit a tentative map to the planning commission or governing body of a county or city, as applicable. (NRS 278.330) Existing law also: (1) requires the tentative map to be forwarded to certain state agencies and local governments for review, which includes, with certain exceptions, the Department of Wildlife; and (2) authorizes the Board of Wildlife Commissioners to establish reasonable fees for the review of a tentative map. (NRS 278.335, 278.337) This regulation sets forth certain procedures and requirements for the review of a tentative map by the Department.

**Sections 3 and 4** of this regulation define certain terms relating to the review of a tentative map.

Under existing law, a tentative map is not required to be forwarded to the Department if the proposed subdivision is infill development which is proposed on a vacant or substantially vacant tract of land that is surrounded by land that is already developed. **Section 6** of this regulation requires a developer to submit to the Department a tentative map, a review form and the fee required for the review of a tentative map. **Section 6** also sets forth the information that must be included on the review form submitted to the Department.

**Section 7** of this regulation provides that the Department will provide written comments on the tentative map and review form which may include methods to avoid or minimize impacts to wildlife, mitigation measures, best management practices or required design features.

**Section 8** of this regulation sets forth the fees charged by the Department for the review of a tentative map, which are: (1) \$250 for the initial review of the tentative map plus an additional \$5 for each acre shown on the map; and (2) \$5 per acre shown on the tentative map for any subsequent review of modifications to the map.
